ABOUT THE INSTITUTION

Sri Andavar Educational and Charitable Trust (SAECT), Erode consists of 14 philanthropists from different walks of life who realize the need for technical education, formed the trust and promoted "Surya Engineering College" in the year of 2008 to (Approved by AICTE, New Delhi & Affiliated by Anna University, Chennai) achieve technical excellence. The lush, green campus is located 12 kms from Erode at Mettukadai. The pleasant environment consists of 20 acres of land either a good landscape which provides an atmosphere that is best suited for learning.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was established in the academic year 2011-2012. It offers UG degree in Civil Engineering. The department provides an encouraging environment and imparts the latest advancements in knowledge and skills through innovative methods of teaching. The department has qualified and well experienced faculty members with well-equipped laboratories. The department offers consultancy activities in Soil Mechanics, Concrete Technology, Surveying, Strength of Materials, Environmental Engineering and Structural design of framed structures.

ABOUT THE PROGRAMME

A total station is a surveying instrument that combines an electronic theodolite and an electronic distance meter (EDM) to provide accurate measurements of both horizontal and vertical angles as well as distances. It is commonly used in construction, engineering, and land surveying projects to collect data for creating detailed maps, plans, and 3D models. Some total stations have the capability to connect to external devices such as GPS receivers, which allows for the integration of total station data with GPS data, providing a more accurate and detailed survey.

LOCATION

The campus is located 12 kms from Erode at Mettukadai.
